SKILLS

- **Programming Languages |** Python • JavaScript • TypeScript • SQL
- **Libraries and Frameworks |** ReactJS • ReduxJS • NodeJS • ExpressJS • Prsima • NumPy • Pandas • Matplotlib
- **Databases |** PostgreSQL • MongoDB
- **Tools |** Git • GitHub • VS Code • Postman

EDUCATION

- Computer Engineering | HKBKCE, Bengaluru   *CGPA***:** *9.18 | (Dec '21- Apr '24)*
- XII | S Nijalingappa BFR PU College, Bengaluru   *93.50% | 2021*
- X (SSLC) | Kanara English School , Bengaluru   *95.50%| 2019*

EXPERIENCE

- **Open Source Contribution | repo:** Omkar-Sonawane-23/Tourism   *(May'24)*
  Implemented a "**Contact Us**" page with **Google Maps** integration using **ReactJS**, **Tailwind**, and **PostgreSQL**. This feature allows users to locate us and contact us through a form, enhancing engagement and accessibility.

PROJECTS

- **Inkwellify – Users Blog App :** *(LINK)*   *(Feb '24)*
  Developed a blog website with **ReactJS**, **NodeJS**, **Tailwind CSS**, **ExpressJS**, **PostgreSQL**, and **Material-UI (MUI)**. Features include blog uploads, post likes and comments, content sharing, and author follow functionality, fostering enhanced community engagement and interaction.

- **Ani Watch - APIs Based Anime Explorer :** *(LINK)*   *(Sep '23)*
  Ani Watch is an **API-based** Anime Explorer where users can fetch data from an API to read about various anime and write reviews. The project is built using only **ReactJS**, focusing on developing a strong foundation in React fundamentals.

- **Link Hub - Centralized Link Management :** *(On Going)*   *(Ongoing)*
  Link Hub is a web application that consolidates social media, project, professional, and blog links into a single card for easy access. Built with **ReactJS**, **ReduxJS**, **TypeScript**, **NodeJS**, **ExpressJS**, **PostgreSQL**, **Tailwind CSS**, and **Prisma**, it allows users to add and manage their links efficiently.

ACHIEVEMENTS

- **TECHSIUM '24 | ISTE, HKBK College of Engineering**   *(Jan '24)*
  Participated and achieved first place in the hackathon, organizing sessions for 200+ college students on Front End Web Development related topics.
